

Model: "Kilimandjaro" Series Hard Hats (HP642R)

Description:

The Kilimandjaro is the ultimate in design, comfort and protection of the head. This CSA Type 2/ANSI Type II model offers lateral protection due to the design with its foam liner. The Kilimandjaro has a Sure-Lock 4 point ratchet fully adjustable up & down suspension to fit all head shapes and sizes. With Nylon webbing and a comfort pad this is the most comfortable Type 2 hat available. A "FULL BRIM" has been incorporated into the design to offer added protection from the sun's harmful "UV" rays and from falling debris in mining or the oil & gas industry.
