Dexterity®

Foam Nitrile-Dipped Work Gloves

#S13BFNT

Excellent oil grip and bare-hand feel are what set our Dexterity® gloves apart from ordinary nitrile-dipped gloves. Micropores in the foam nitrile channel fluids away from the palm surface by absorbing them, providing excellent grip in light oil, on top of the already-superior abrasion and puncture resistance. Fine-gauge, 100% nylon, seamless-knit shell is non-linting and breathable. Shell is dipped into foam nitrile over an ergonomically-shaped hand form, giving this glove unsurpassed comfort and dexterity.
